

Professional Summary

Frontend Developer with 5+ years of experience building responsive, cross-browser compatible websites for international clients. Specialized in Shopify theme development, WordPress customization, and converting Figma/Adobe XD designs into production-ready HTML5, CSS3, and JavaScript interfaces. Delivered 10+ live e-commerce projects across South Africa, the US, and the UK. Currently expanding into React.js and modern JavaScript tooling.

Work Experience

Frontend Developer — Webgarh Solutions, Mohali

May 2023 – Present

- Build and maintain responsive e-commerce websites using Shopify, HTML5, CSS3, Bootstrap 5, and jQuery for international clients
- Convert Figma and Adobe XD mockups into pixel-perfect, cross-browser compatible interfaces
- Develop custom Shopify theme sections using Liquid templating and CSS/JavaScript
- Collaborate with designers and backend developers to deliver projects on schedule

Frontend Developer — Coderzbar, Mohali

Jan 2020 – Apr 2023

- Developed 10+ complete websites from scratch using HTML5, CSS3, Bootstrap, SCSS, and jQuery
- Built and customized WordPress themes for clients across multiple industries
- Integrated third-party APIs and plugins for payment, contact forms, and analytics
- Ensured cross-browser compatibility and mobile responsiveness across all projects
